LANDROLLER RANGE

Harvest more soybeans!

AgriCAD is the undisputed market leader with their landroller series. There are four available models with widths of 7.6m, 9.4m, 11.3m and 12.2m to correlate with the planting width practice of the farmer.

BENEFITS:

Increase harvest potential with up to 15%

ROLL AFTER PLANTING:

- Harvest lower with reduced risk
- Fewer breakages during harvesting
- Quicker disintegration of grain residue
- Moisture retention are increased

ROLL BEFORE PLANTING:

- The above mentioned four advantages
- Level seedbeds
- Constant plant deth
- Improved seed germination
- Reduced wear and tear on planter, self-propelled sprayer and harvester
