RIPPER RANGE

Rip with variety

The South African produced AgriCAD ripper range offers the farmer an affordable soil preparation solution. Specifically developed to cater for the needs of the South African farmer, the ripper range offers the following practical advantages:

Models:

- 5 tine to 17 tine three point models available

Implement characteristics:

- 2 or 3 Beam option
- 16kW – 20kW per tine needed
- Bolt on shear
- Maximum working depth of 400mm
- Roller an optional extra
- Saving on maintenance cost due to segmented tines
