SEED CART

Convenient seed handling

The PS04P seed cart is an innovative product that reduces the pressure during planting time and reduces risk. The cart carries 4 one ton crates at a time and the refilling of the planter is much more efficient.

Advantages:

- Reduction in the theft
- Labour reduction
- Time saving due to manageability of the crates
- Protection against pests, seed handling and elements like rain

Implement characteristics:

- Carries 4 one ton crates
- Variable and controllable discharge rate up to 225 kg/min
- Tractor size: 60+ kW
- Adjustable telescopic discharge pipe
- Easy maintenance
